Papers in Language Testing and Assessment is a peer reviewed international journal which publishes research, commentary and review articles of interest to its readership. It is published annually or biannually and is freely available online at [ALTAANZ](#) and at the [Language Testing Research Centre](#). *Papers in Language Testing and Assessment* is listed in the Web of Science Emerging Sources Citation Index.

Information for contributors

Submissions can be made at any time throughout the year and should be sent to the Editorial Assistant at plta.editor@gmail.com as an email attachment. Correspondence on editorial matters should be addressed to the Editor at plta.editor@gmail.com.

Papers in Language Testing and Assessment accepts original research papers (max. 8,000 words), essays/discussion papers on theory (max. 5,000 words), research digests (2,000-3,000 words), book reviews (1,000-2,000 words) and test reviews (1,000-2,000 words).

Manuscripts should be prepared according to the following guidelines:

- Articles should be no more than 8,000 words in length, including notes and tables but excluding references and appendices.
- Articles should be preceded by an abstract of no more than 200 words and by up to 5 keywords.
- Sections of articles should be headed, but not numbered.
- Referencing should conform to APA 6th style as set out in the Publication Manual of the American Psychological Association, 6th Edition. Examples of APA 6th referencing can be found at: <https://owl.english.purdue.edu/owl/resource/560/01/>.
- Single quotation marks should be used for short quotations. Double quotation marks should be used within single quotation marks to indicate quoted material in the original source.
- Quotations of more than four lines should be indented and separated from the main text by a blank line above and below.
- Tables should be numbered consecutively, and figures should be numbered in another consecutive series.
- Each table and figure should have a brief explanatory title.
- Table titles should be placed above the table, and figure titles should be placed below the figure.

Special Issue: Applying Rasch measurement theory in language assessment
Guest editors: Jason Fan, Ute Knoch and Trevor Bond

CONTENTS

Introduction to Special Issue

Application of Rasch measurement theory in language assessment: Using measurement to enhance language assessment research and practice

Jason Fan, Language Testing Research Centre, University of Melbourne, *Ute Knoch*, Language Testing Research Centre, University of Melbourne & *Trevor Bond*, James Cook Universityiii

Articles

Examination of CEFR-J spoken interaction tasks using many-facet Rasch measurement and generalizability theory

Rie Koizumi, Juntendo University, *Emiko Kaneko*, University of Aizu, *Eric Setoguchi*, University of California, Los Angeles, *Yo In'nami*, Chuo University & *Naoyuki Naganuma*, Tokai University1

An investigation into rater performance with a holistic scale and a binary, analytic scale on an ESL writing placement test
